

Tool Kit Ministries, Inc.

Presents Popular 2017 half-day Seminars
To refresh and challenge your volunteer workers.

Seminar #1: Sharing Jesus

"Knowing what you Believe":

Here are some helps to build confidence in providing answers to challenging questions such as: Is the Bible true? Is god good? who is Jesus really? why believe in biblical creation? Share some helps to be prepared to answers these questions in every day conversations today.

"Share what you Believe":

Questions can open opportunities to share Jesus using your own personal salvation story with others. Share ideas for using God's daily blessings in your life as on-going encouragement and challenge to others, giving God the glory.

Seminar #2: Outreach

"God's work takes Team work":

whether you are part of a team or building a team as a leader, working with volunteers and helpers takes time, planning and communication. This class provides ideas on developing an effective team. It includes helps in dealing with conflicts.

"Creative Counseling":

This is a refresher class for outreach workers. It provides ideas on using illustrations, colors, visuals and questions to counsel in every situation for any age group.

Seminar #3: Kids Corner

"Answers for Kids Hard questions":

A class that provides resources to help respond to life's questions and strengthen the faith of the students in the foundations of God's word, such as: why do bad things happen? Is the Bible really True? Why is Jesus the only way? Which is true God created or scientific evolution? etc.

"God is not an ATM machine- Teach them to Pray":

This class provides helps for effectively communicating with our Lord. Many young people today pray by presenting a list of needs instead of understanding true conversation with our creator.(Classroom helps included)

Seminar #4: Bible class refresher

"5-minute Gospel Object Lessons":

A class with fresh ideas to share and develop by using object lessons and illustrations to help make God's plan of salvation more effective and duplicate-able for your students.
(Demos included)

"Teaching from the Word":

This is an effective method of using God's word, with or without curriculum, to develop a life-changing Bible lesson to challenge the saved and unsaved listener alike. (live Demo)
